COVID-19 Update

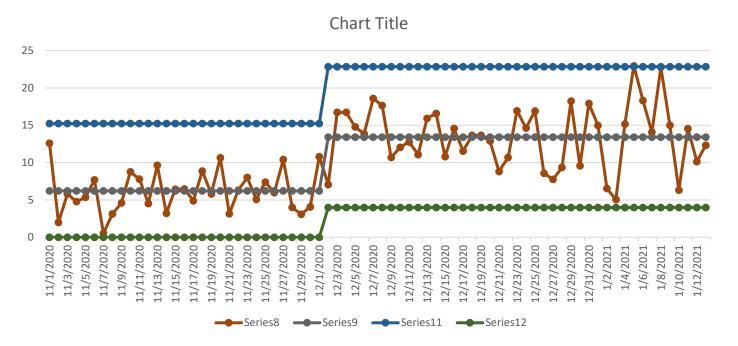

#KeepKidsLearning

UNITING TALENT & PASSION

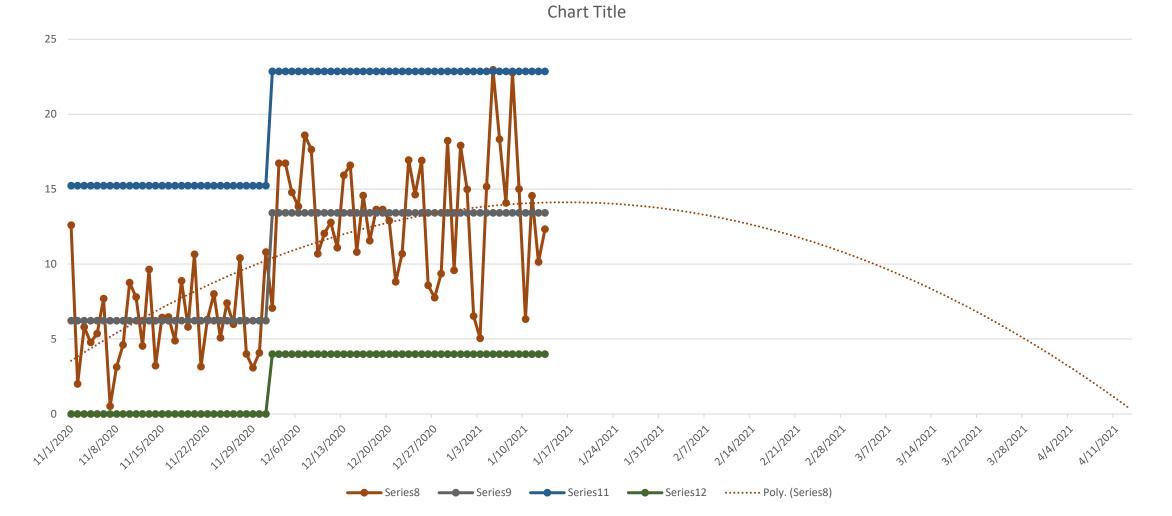

Every Child Without Exception

Daily Cases Reported in the Region

- The Seven Day totals are based on the daily individual cases that are reported each day.
- A leveling out of daily cases reported was evident this week.
- Since there are no holidays that traditionally cause large gatherings until the first Sunday in February (Super Bowl) we are projecting to see a steady decrease in daily new cases reported.
- New trend lines and control limits will be calculated at the end of January as guides for the remaining months of the winter.

Simple Forecast

HASD possible/confirmed C19 situations line graph illustrates the internal contact tracing efforts by the district contact tracing/tracking team. The date ranges identify the number of new situations introduced for each group listed at the bottom of the chart.

KEY CDC mitigation strategies

- Ability of the school to implement 5 key mitigation strategies:
 - Consistent and correct use of masks
 - Social distancing to the largest extent possible
 - Hand hygiene and respiratory etiquette
 - Cleaning and disinfection
 - Contact tracing in collaboration with local health department The graph to the right demonstrates the detailed ability of HASD to track current C19 situations

Detailed analysis of the quantitative (daily rates of new C19 positives, HASD possible/confirmed C19, attendance rates) and qualitative data (Implementation of key CDC mitigation strategies) led HASD administration to recommend in person instruction on Monday, January 11, 2021.
